

Lexis[®] Learning

Achieve your mandatory CPD points

Achieving your Continuing Professional Development (CPD) points has never been easier.

Lexis[®] Learning courses are designed to take 1 hour to complete. Participants may stop at any time during the course and return at times convenient to you. On completion of a knowledge test you earn a *Certificate of Completion* that may be used to record your CPD activity for the year. For Lexis Advance subscribers we provide hyperlinks to cases and legislation mentioned in the courses.

An investment in a Lexis[®] Learning course provides

- Experienced, knowledgeable presenters sharing their legal expertise
- Interactive presentation that may be started and stopped to suit your convenience
- Certification of Completion for audit purposes
- Web Content Accessibility Guidelines (WCAG) compliant
- Useful notes for later reference
- Opportunity to build your personal “course” library
- Convenient links to relevant websites and cases (for Lexis Advance subscribers)

Visit the LexisNexis [eStore](#) to see a current list of available CPD course titles.
